

Shammur Absar Chowdhury

📍 Arabic Language Technology, Qatar Computing Research Institute ✉ shammurchowdhury@gmail.com

☎ +97466938313 🔗 shammur.one in shammurchowdhury 🌐 shammur

Academic Expertise and Research Interest

- **Coversational AI:** Speech Discourse and Turn-Taking Modeling; Atypical Interaction; Non-Verbal and Multimodal Communication; Spoken Language Assessment.
- **NLP and Foundation Models:** LLMs; Audio/Multimodal LLMs; Representation Learning; Cross-Modal Grounding; Culturally Contextualized Reasoning.
- **Inclusive Speech Technology:** Dialectal and Accented ASR; Children ASR; Multilingual and Code-Switching ASR; Speaker recognition; Model interpretability and bias analysis.

Scholar Profile

- Google Scholar🔗: **h-index: 30**, **i10-index: 65**

Education

PhD in Information and Communication Technology

Nov 2012 – Apr 2017

- University of Trento, Italy
Thesis Title: [Computational Modeling of Turn-Taking Dynamics in Spoken Conversations](#)🔗.
Supervisor: Prof. Giuseppe Riccardi, University of Trento, Italy.

Bachelor of Science in Electronics and Communication Engineering

Jan 2007 – Dec 2010

with 2nd major in **Bachelor of Science in Computer Science**

(Convocation Feb 2011)

- BRAC University, Bangladesh
CGPA: 3.97/4.0 (*Gold medalist and Valedictorian for getting highest CGPA among all University Graduates, 2011*).
Thesis Title: [Implementation of Speech Recognition System for Bangla](#)🔗.
Supervisor: Prof. Mumit Khan, BRAC University, Bangladesh

Research/Development Experience

Research Scientist, Qatar Computing Research Institute, HBKU, Qatar

Nov 2021 – Present

- **Funded projects:**
 - Speech Lead for [Fonar: Arabic LLMs](#)🔗
 - Lead PI (*HBKU Flagship Research Grant*) for [NAVIA: Neurodiversity Assessment and Voice-enabled Intervention AI](#)🔗
 - PI (*QRDI*) for MediaVoice: Emotion-Aware Arabic Voice Generation for Media
- **QCRI Projects:**
 - Lead PI for [QVoice](#)🔗: Spoken Language Assessment
 - Lead PI for AURA: Audio Understanding & Representation Alignment
 - Contributor for [LLMeBench](#)🔗: Open-source (Multimodal) LLM Benchmarking Tool (*5.68K pip downloads since Aug, 2024*).
 - [MultimodalXplain](#)🔗: Interpreting Multimodal Models.
- **Invention Disclosure:**
 - 2026-004 A Framework for Persona-Conditioned Multi-Turn Conversations (Persona→Scenario→Dialogue→Speech). (Filed)
 - 2025-043 EverydayMMQA: A Multilingual and Multimodal Framework for Culturally Grounded Spoken Visual QA. (Filed)
 - 2025-035 Fonar: An Arabic-Centric Multimodal Generative AI Platform. (Filed)

- 2024-035 NativQA: Multilingual Culturally-Aligned Natural Query for LLMs. (Software copyright)
- 2022-057 Multilingual Word Error Rate Estimation: e-WER3. (Elected)

Visiting Researcher, Frederick Jelinek Memorial Summer Workshop (JHU) Jul 2022 – Aug 2022
Project: [Multilingual and Code-Switching Speech Recognition](#)

Postdoctoral Researcher, Qatar Computing Research Institute, HBKU, Qatar May 2019 – Oct 2021

- Design End-to-End Dialect Identification, Dialectal and Code-switching ASR among others.
- Design Multi-label short text classification for topic extraction (English and Arabic)
- Design Prediction model for Offensive language detection (English and Arabic)

Research Fellow, Center for Mind/Brain Sciences, University of Trento, Trento, Italy May 2019 – Apr 2021

- Interpretability of Language Model representation for rare linguistic phenomena
- Simulation and Interpretation of ‘online’ vs ‘off-line’ processing of sentences using transformer models.

Postdoctoral Researcher, Center for Mind/Brain Sciences, University of Trento, Italy Sep 2017 – Apr 2019

- Simulation of Grammaticality Judgements using DNN models
- Artificial production (Data generation) and Corrections of ungrammatical scenarios.

PhD Researcher, Signals and Interactive Systems Lab, University of Trento, Italy Nov 2012 – Apr 2017

- Modeling Turn-taking behavior and discourse of overlap and silence in spoken conversations (using acoustic and lexical information).
- Modeling Automatic Conversation Flow facilitator and Information profiler for call-center data analytics system.
- Extraction of Non-verbal features for para-semantic prediction (part of EU-funded Project: [SENSEI](#)).
- Cross-Language Annotation porting using crowdsourcing platform (part of EU-funded Project: [PortDial](#)).
- Speech Recognition system for Dyadic conversation – Italian (Telephony data).

Research Assistant, [SIS Lab](#), University of Trento, Trento, Italy Mar 2012 – Oct 2012

- Speech Recognition for Italian language using LUNA spoken dialog corpus.

Senior Research Assistant, Center for Research on Bangla Language Processing (CRBLP), BRAC University, Dhaka Bangladesh Oct 2010 – Feb 2012

- Developed a new voice for Bangla Text to Speech (TTS);
- Developed a newspaper speech corpus (<https://sourceforge.net/projects/blp>).

Teaching Experience

Lecturer, Department of Computer Science and Engineering Jan 2011 – Feb 2012
BRAC University, Dhaka Bangladesh

- Courses Taken: Introduction to Computer Science, Programming Language I and II, Numerical Methods, Electronic Device II.

Teaching Assistant, Department of Computer Science and Engineering Oct 2008 – Aug 2010
BRAC University, Dhaka Bangladesh

- Assisted Courses: Programming Language I. Programming Language II.

Leadership/Mentoring Experience

Currently mentoring **7** students (3 RA, 3 Student Contributors, 1 Intern) across projects like Fanar, QVoice, MultimodalXplain, and AURA. Previously supervised **16** students through various QCRI RA/internship programs and other collaborations.

Selected Projects

Current Projects

- [Fanar: Arabic Large Language Model Family](#) – *Speech Understanding Lead*
 - Leading the design of audio LLMs for dialectal Arabic, focusing on spoken language understanding and multimodal feedback generation. (Part of Fanar, sponsored by Ministry of Communications and Information Technology, Qatar)
- [NAVIA: Neurodiversity Assessment and Voice-enabled Intervention AI](#) – *Lead PI*
 - Design a holistic framework for early screening and intervention of Autism Spectrum Disorder (ASD) using multimodal AI. (Funded by Flagship Research Grant, HBKU. HBKU-OVPR-FRG-03-3)
- [QVoice](#) – *Lead PI*
 - Developing spoken Arabic language learning platforms with voice-enabled input and interactive feedback systems to support native and non-native learners.
- [LLMeBench](#)
 - Designing a comprehensive benchmarking framework to evaluate the understanding and generation capabilities of (multimodal) LLMs.
- [AURA: Audio Understanding & Representation Alignment](#) – *Lead*
 - Explores self-supervised and multimodal learning techniques to develop robust audio representations for audio understanding tasks. Focuses on aligning acoustic, semantic and paralinguistic features to improve cross-modal learning, and performance across multilingual, multi-dialectal and low-resource settings.
- [MultimodalXplain](#)
 - Explores how models encode and represent information across multimodal inputs (e.g., speech + text), designing methods to analyze internal representations, captured concepts, and cross-modal feature alignment.

Past Projects

- Robust Speech Recognition for Code-switched Arabic speech
- [ASAD: Arabic Social media Analytics and unDerstanding](#)
- [Automatic Persona Generation](#)
- [TREiL: Technologies for Research and Education in Linguistics](#) (PRIN, MUR funded project, Trento, Italy).
- [SENSEI: Making Sense of Human - Human Conversation](#) (EU-funded project).
- [PortDial: Language Resources for Portable Multilingual Spoken Dialogue Systems](#) (EU-funded project).
- Conversational and Italian Telephony Speech Recognition System.
- Turn-taking modeling, Overlapping Speech and its Discourse in multi-speaker conversation
- Voice Creation for Bangla Text To Speech

Platforms

- [MyVoice](#): Platform for collecting dialectal and accented speech data. (Co-Founder)
- [BNLP](#): Initiative for Bangla Language Computing resources. (Co-Founder)
- [ArabicSpeech](#): Platform dedicated to advancing Arabic Speech Science and Technology. (Primary Contributor)

Selected Grants

- *Emotion-Aware Arabic Voice Generation for Media (MediaVoice)*, Shammur Chowdhury (PI), funded by *QRDI* for 2 years, USD 81,940 (298,744.88 QAR), (2026-2028)
- *Neurodiversity Assessment and Voice-enabled Intervention AI (NAVIA)*, Shammur Chowdhury (LPI), funded by *HBKU-OVPR*, Project Id: *HBKU-OVPR-FRG-03-09*, for 2 years, USD 207,000 (750,000 QAR), (2025-2027)
- *Native, Local and Cultural Alignment in Multilingual and Multimodal LLMs*, Shammur Chowdhury (Co-PI), funded jointly by *AWS BOT* (USD 50,000) and *QCRI* (2025-2026)

- *Exploration of Audio Discrete tokens for multilingual models*, Shammur Chowdhury (LPI), funded in-part by Google for Education (USD 5000).
- *RNN-based Artificial Grammaticality to Probe Language Universals*, Shammur Chowdhury (Co-PI), supported by NVIDIA Academic Hardware Grant, 2018.

Selected Talks

- **Tutorial:** Multilingual and Multimodal LLMs in the Wild: Building for Low-Resource Languages (LREC 2026)
- **Tutorial:** LLMs for Low Resource Languages in Multilingual, Multimodal and Dialectal Settings (EACL 2024)
- **Webinar Talk:** Towards L1-aware Multilingual Mispronunciation Detection Modeling, (Speech and Language Technology in Education webinar series, 2024)
- **Invited Talk:** Learning Pronunciation with Voice-Enabled AI, (WISE Summit 2023)
- **Invited Talk:** Multilingual and Code-Switching Speech Recognition, JSALT report. (SLT 2022)
- **Invited Talk:** Fine-Grained Interpretation of End-to-End Speech Models (SIGML 2021)
- Fireside Chat on Bangla NLP (Bengali.AI 2021)

Membership in Professional Societies

- Member, **IEEE**, since 2009;
- Member, **ISCA** (International Speech Communication Association), since 2013;
- Member, **ACL** (Association for Computational Linguistics), since 2018.

Professional Activities

Scientific Program Committee (selected 2024-2026)

Reviewer: ICASSP, INTERSPEECH, Computer Speech and Language, Speech Communication, The Journal of the Acoustical Society of America, ACL-AAR, ACL, COLING, NAACL, EMNLP, Language Resources and Evaluation, ACM Transactions on Asian and Low-Resource Language Information Processing, ICLR and NeurIPS.

Associate Editor: ACM TALIP

Session Chair: INTERSPEECH - 2026, 2025; EMNLP - 2023

Area Chair: INTERSPEECH - 2024; LREC - 2026

Co-organizing: Conference/Workshop/Shared Tasks (selected 2022 -)

- **Shared Task Organizer:** SemEval MMCultureQA 2027 – Multilingual, multimodal, culturally grounded visual question answering, at ACL 2027, Kyoto, Japan [🔗](#).
- **Shared Task Organizer:** IQRA – Automatic Pronunciation Assessment for Modern Standard Arabic (MSA), Interspeech 2026, Sydney, Australia [🔗](#)
- **Shared Task Organizer:** ArabicNLP Task 6: ImageEval 2026 – Culturally Grounded Arabic Multimodal Evaluation, at EMNLP 2026, Budapest, Hungary [🔗](#).
- **Technical Chair:** 16th International Workshop on Spoken Dialogue Systems Technology (IWSDS 2026) [🔗](#).
- **Organizer:** Second Bangla Language Processing (BLP) @ AACL 2025 [🔗](#).
- **Organizer:** Workshop on Detecting AI Generated Content (GenAI) @ COLING 2025 [🔗](#). 30+ participants attended in-person.
- **Organizer:** First Bangla Language Processing (BLP) @ EMNLP 2023 [🔗](#). 30+ participants attended in-person and online.
- **Organizer/Event Coordinator:** Connecting Early Career Researchers - Lecture and Panels (with ISCA-PECRAC) at Interspeech 2022, 2023, 2024, and 2025.
- **Local Chair:** SLT 2022, hosted in Qatar and in the region for the first time, 200 participants registered.
- **Local Organizer:** Speech and Language Technology hackathon (SLT-CODE) 2022, Doha Qatar, with 100 students and 30 mentors.

- **Local Organizer:** Data, Technologies, and Benchmarks for the Spoken Languages of the World meeting, at SLT 2022, Qatar.
- **Shared Task Organizer:** SemEval2022 Task 3: Presupposed Taxonomies - Evaluating Neural-network Semantics (PreTENS), at NAACL 2022, USA.

Special Interest Groups

- Speech and Language in Technology in Education, (ISCA-SLaTE)
- Postdoc & Early Career Researcher Advising Committee (ISCA-PECRAC)
- WomenInSpeech (ISCA) and SIGML (ISCA)

Publications
